# SUMMARY

The Medical Cannabis and Opioid Alternative programs, overseen by the Illinois Department of Public Health, assist the most vulnerable citizens suffering debilitating medical conditions to receive support and access to cannabis for medical use and pain relief.

During FY23, the IDPH Division of Medical Cannabis experienced increases in the number of patients served and in the number of registered providers. As in the previous year, the division performed public outreach and training to increase awareness of the Medical Cannabis programs and to support the local health departments that aid patients applying for participation in the programs.

# FY2023 ACCOMPLISHMENTS

# FY2024 GOALS

## Summary

A brief description of the Division of Medical Cannabis goals and essential projects are described below for FY24 and their relevance to advancing cannabis program priorities.

### IDPH FY24 Goals

1. Provide education to constituents on services provided by the Medical Cannabis Patient Registry Program.
2. Increase professional development opportunities for division staff.
3. Meaningfully engage newly formed Medical Cannabis Advisory Board (MCAB).

### IDPH FY24 Essential Projects

1. Engagement of local health departments (LHDs) and libraries.
2. Develop and complete professional development series of courses for program staff.
3. Identify opportunities for MCAB engagement.

### IDPH FY24 Metrics

**100%**  
engagement  
of MCAB  
members

**10**  
education  
sessions  
provided to  
LHDs, libraries,  
and other  
groups.

**100%**  
staff  
engagement in  
professional  
development  
series

# KEY DATA POINTS

## ***Overview of the Medical Cannabis Patient Program and Opioid Alternative Pilot Program***

In August 2013, Illinois became the 20th state to authorize a program for the cultivation and dispensing of cannabis for medical purposes. The statewide Medical Cannabis Patient Registry Program (MCP) allows patients diagnosed with a qualifying condition to access medical cannabis. The Illinois Department of Public Health (IDPH) manages the registry by receiving and processing applications and issuing registry cards to Illinois residents meeting program requirements. Application resources, new and existing patient instructions, health care providers, contact information, laws, rules, and referral sources are available online ([Medical Cannabis Patient Registry Program \(illinois.gov\)](https://www.idph.state.il.us/medical-cannabis-patient-registry-program)).

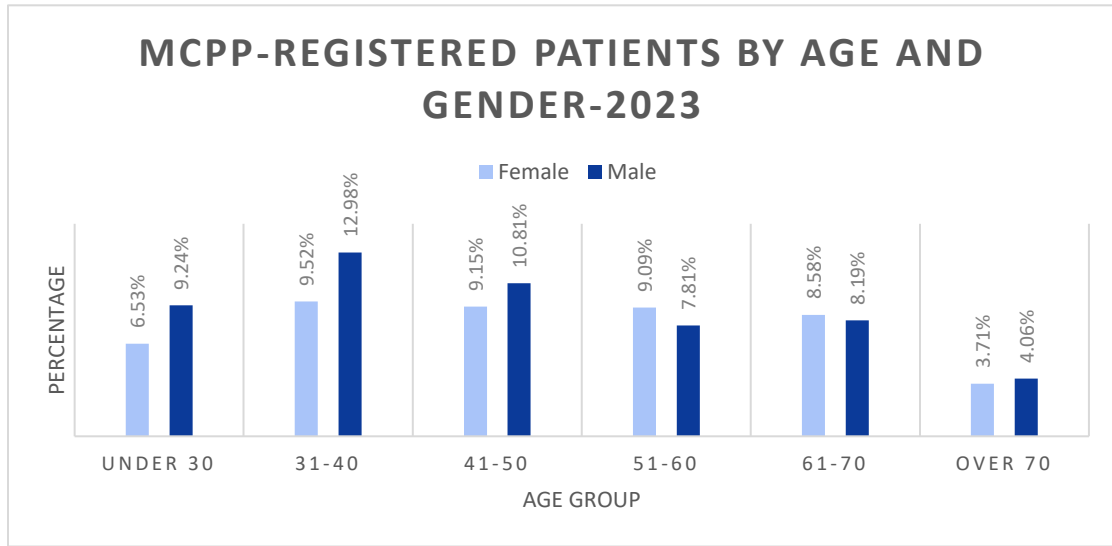

In August 2018, Public Act 100-1114, the [Alternative to Opioids Act of 2018](#), was signed making changes to the Compassionate Use of Medical Cannabis Pilot Program Act. The public act created the Opioid Alternative Pilot Program (OAPP), which allows access to medical cannabis for individuals who have a prescription for opioids or have a condition for which an opioid otherwise would be prescribed, as certified to by a registered health care provider.

On January 31, 2019, IDPH officially launched the OAPP. Qualifying patients for OAPP must be at least 21 years old and be a resident of Illinois. Licensed physicians must certify the qualifying patients have a medical condition for which an opioid has been or could be prescribed based on generally accepted standards of care. Requirements, laws and rules for qualifying patients, and resources for physicians are detailed on the website ([Opioid Alternative Pilot Program \[illinois.gov\]](#)). The long-term goal of the program is to reduce harm related to opioid use.

### **1. Number of applications and renewals filed for registry identification cards/registrations.**

- IDPH has approved 237,440 applications for qualifying patients since it began accepting applications for MCP on September 2, 2014.
- The number of active patients in the MCP program as of June 30, 2023 was 138,471.
- 24,810 applications were renewed in FY23.
- The highest percentage of qualifying applications were submitted by individuals between 31 and 40 years of age.
- Among registered MCP patients in FY23, a higher percentage reported a gender of male than female (53.09% vs. 45.58%).

**Graph 1**

**2. Number of qualifying patients and designated caregivers served by each dispensary for 2022.**

On July 15, 2021, Gov. JB Pritzker signed HB1443, which removed the requirement of a medical cannabis patient and/or caregiver to select a single dispensary.

**3. Nature of the debilitating medical conditions of the qualifying patients.**

The top five debilitating medical conditions from qualifying patients for FY23 (Table1) remain unchanged from the prior year and are:

1. Chronic pain
2. Post-traumatic stress disorder
3. Migraines
4. Osteoarthritis
5. Severe fibromyalgia

**Table 1: Debilitating medical conditions of the qualifying patients.**

Nature of the debilitating medical conditions of the qualifying patients under MCCP	Percentage	Number
Chronic pain	33.49%	24,856

Post-traumatic stress disorder (PTSD)	14.92%	11,071
Migraines	8.67%	6,433
Osteoarthritis	8.42%	6,249
Severe fibromyalgia	6.49%	4,814
Cancer	4.80%	3,562
Neuropathy	3.39%	2,516
Irritable bowel syndrome	3.28%	2,432
Spinal cord disease – arachnoiditis	2.67%	1,981
Rheumatoid arthritis	1.91%	1,415
Seizures (including those characteristic of epilepsy)	1.28%	949
Traumatic brain injury and post-concussion syndrome	1.26%	935
Multiple sclerosis	1.19%	883
Crohn's disease	0.96%	716
Spinal cord injury	0.71%	528
Glaucoma	0.69%	512
Autism	0.52%	387
CRPS (complex regional pain syndromes type II)	0.46%	342
Lupus	0.45%	335
Positive status for human immunodeficiency virus	0.42%	315
Ulcerative colitis	0.38%	284
Ehlers-Danlos syndrome (EDS)	0.30%	220
Parkinson's	0.27%	203
Interstitial cystitis	0.26%	195
Causalgia	0.26%	193
Sjogren's syndrome	0.25%	189
Residual limb pain	0.25%	188
Anorexia nervosa	0.25%	184
Hepatitis C	0.24%	181
Acquired immunodeficiency syndrome (AIDS)	0.19%	138
Reflex sympathetic dystrophy (RSD) (Complex regional pain syndromes type I)	0.16%	118
Cachexia/wasting syndrome	0.16%	117
Tourette's syndrome	0.15%	115
Chronic inflammatory demyelinating polyneuropathy	0.13%	99
Dystonia	0.13%	98
Arnold-Chiari malformation and syringomyelia	0.10%	77
Agitation of Alzheimer's disease	0.07%	50
Muscular dystrophy	0.06%	47
Neurofibromatosis	0.06%	43

Myoclonus	0.05%	39
Myasthenia gravis	0.05%	38
Polycystic kidney disease (PKD)	0.05%	36
Hydrocephalus	0.04%	29
Amyotrophic lateral sclerosis (ALS)	0.03%	23
Fibrous dysplasia	0.03%	20
Tarlov cysts	0.02%	16
Syringomyelia	0.02%	14
Spinocerebellar ataxia (SCA)	0.02%	13
Neuro-Behcet's autoimmune disease	0.01%	5
Nail-patella syndrome	0.00%	3
Superior canal dehiscence syndrome	0.00%	3
Hydromyelia	0.00%	1
<b>Total</b>		<b>74,210</b>

**4. The number of registry identification cards or registrations revoked for misconduct.**

- 85 MCPP patient and designated caregiver registry identification cards were revoked.
- Major credential status reasons for revoking included death, change from terminal illness to qualifying patient, reapplication with new qualifying patient, and IDPH physician revocation.

**5. The number of certifying health care professionals providing written certifications for qualifying patients.**

- 4,990 health care professionals provided written certifications for qualifying patients.

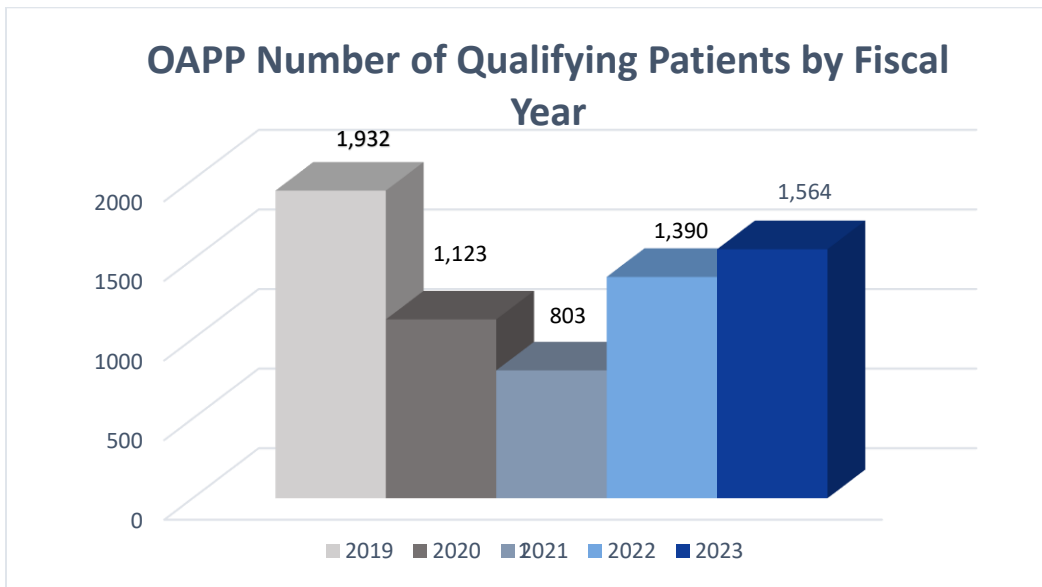

**6. The number of registered medical cannabis cultivation centers or registered dispensing organizations.**

- The number of medical cannabis cultivation centers in FY23 was 21 and was unchanged from the prior year. (See Appendix A)
- There are 55 licensed medical cannabis dispensaries. (See Appendix B)

**7. The number of Opioid Alternative Pilot Program participants.**

- 1,564 patients were enrolled in the OAPP, continuing a trend of growth in participation in this program since FY21.
- 54% of OAPP participants were prescribed an opioid.

**Graph 2**

# FUNDING USAGE

## Summary

IDPH had no expenditures on the 0912 appropriation; the 0075 appropriation expenditures for FY23 are shown below.

Salaries	\$	938,635.38
Retirement	\$	500,162.37
FICA	\$	68,419.61
Insurance	\$	294,691.06
Contractual	\$	4,128,336.50
Supplies	\$	2,824.95
Telecom	\$	23,040.78
Grants	\$	15,450.00
Total FY23	\$	5,971,560.65

# LEGISLATION, UPDATES, AND INITIATIVES

IDPH does not intend to put forth any initiatives at this time.

## Appendix A

The Illinois Department of Agriculture issues 21 permits for medical cannabis cultivation centers, one per Illinois State Police District (except the Tollway). Pursuant to 410 ILCS 130/145(a)(2), applications for cultivation center permits, their contents, and supporting documentation are confidential and exempt from the Freedom of Information Act. The cultivation center in each district is identified below ([MCPP Update – June 30, 2023 - Medical Cannabis Pilot Program \[illinois.gov\]](#)).

District 1: PharmaCann, LLC  
District 2: Curative Health Cultivation, LLC.  
District 3: Illinois Grown Medicine, LLC  
District 4: Bedford Grow, LLC  
District 5: Cresco Labs, LLC  
District 6: PharmaCann, LLC  
District 7: GTI Rock Island, LLC  
District 8: Revolution Cannabis - Delavan, LLC  
District 9: Cresco Labs, LLC  
District 10: Shelbyville County Community Services, Inc.  
District 11: Progressive Treatment Solutions, LLC  
District 12: Effingham Medicinal Farms, LLC  
District 13: IESO, LLC  
District 14: Nature's Grace and Wellness, LLC  
District 15: N/A  
District 16: In Grown Farms, LLC2  
District 17: GTI Oglesby LLC  
District 18: Compass Ventures, Inc.  
District 19: Ataraxia, LLC  
District 20: Revolution Cannabis - Barry, LLC  
District 21: Cresco Labs, LLC  
District 22: Wellness Group Pharms, LLC
